Membership **WITH** a Testing Laboratory

- Primary Location** *Classification – choose one:*
Carrier: Any organization primarily engaged in the transportation or distribution of goods in commerce.
Shipper: Any organization that enters goods into physical distribution (product manufacturer or brand owner).
Requires submission of a signed ISTA License Agreement.
Supplier: Any organization engaged in the supply of materials, goods or services relating to the physical distribution of goods.
3rd Party Testing Laboratory: Any independent laboratory engaged in preshipment testing of packaged-products in accordance with ISTA standards. ISTA Certified Laboratories are further classified one of two ways - **Commercial** or **Limited**. Commercial Labs offer testing services to all companies with little or no restrictions. Limited Labs offer testing services that may be restricted by company policy (usually this is a supplier that tests only for customers.) **Choose one:** **Commercial** **Limited**
University: A school that offers courses leading to a degree (such as a bachelor’s, master’s, or doctoral degree) and where research is completed.

Procedure Capability - choose one:	Annual Dues	Pro-rated dues according to date joined:
